Dragon Boat

Minimum 20 participants
Maximum 100 participants

Dragon Boat is a team building activity based on coordination and group work, then on the sharing of a goal.

The activity will be carried out in the most suggestive Italian glimpses and, after the division into groups of the team, will be divided into two phases: training session and competition on the field. The podium will be assigned only to the group that will really work together to achieve the goal

Business Innovation

Minimum 6 participants
Maximum 90 participants

Lego Serious Play

The challenges posed by markets and technologies offer great opportunities to introduce innovation within the company. To seize these opportunities, ingredients such as innovation aptitude, planning, creativity and interpersonal relationships are needed. It is typically interdisciplinary work where people can experiment with different techniques and approaches.

LEGO Serious Play

LEGO Bricks

Minimum 6 participants
Maximum 80 participants

It is a methodology based on the commitment of LEGO bricks as a metaphorical support to the expression, confront and acceleration of decision-making and business processes. The basic principle is a method created to allow managers to describe, create and test a certain "business concept", methods to solve more or less complex problems related to business issues.

Theatral improvisation

"A la guerre comme a la guerre"

There are situations in which we are not allowed to prepare, but in which we must respond as best we can. Improvisation is not for everyone, but in reality, it is what everyone does every day, minute after minute, since nobody follows a predetermined script. What if that script was there for once? If there was someone who could train us in improvisation and managing the unexpected?

*Guided Visits in
the Eternal City*

Anciente Rome

A suggestive walk to discover the ancient Rome, its history and some of the most important monuments of the city. From via Cavour, center of the ancient Suburra, the group runs along the Colosseum, via dei Fori Imperiali, Piazza Venezia and all the ancient forum from the Capitol. The visit also includes the Pantheon, the Trevi Fountain and Piazza Navona.

Walking through the center of Rome

Come with us to discover the most famous places in Rome! The visit starts from Piazza del Popolo. We will walk through the baroque quarter of Rome, which includes Piazza di Spagna, Trevi Fountain and Piazza Navona. The group will also visit a series of churches that preserve the iconic masterpieces of Caravaggio and Bernini. The tour offers the opportunity to retrace the history of a period when Rome became the city we know today.

Rione dei Monti's Tour

Starting from Piazza San Pietro in Vincoli, the group will visit the Basilica of San Pietro in Vincoli where the famous sculpture "Moses" by Michelangelo is preserved. He created the work for the great mausoleum of Julius II, the pope who asked him to decorate the Sistine Chapel. The tour is an immersive walk in the ancient Suburra, where the small streets and the names of the streets tell us all the transformation of the city from the ancient Roman empire to the present day. Today the Rione Monti is one of the favorite Roman neighborhoods for tourists and locals, with a beautiful day and night life with vintage market, bar and typical restaurant
