The climate fresk

 [Watch the activity's video](#)

Through the Climate Fresk, your participants co-construct a real "Fresco" of climate change, ranging from human origins to human consequences, not including purely climatic mechanisms.

Articulated around 4 phases (thinking, creativity, restitution and debriefing) this fun and participatory workshop will allow you to fully understand a problem in order to provide solutions and take action.

In 3 years, the Climate Fresk has become the reference tool to enable individuals and organizations to take ownership of the challenge of climate change.

With 350,000 participants to date, the challenge is to reach 1 million by the end of 2023.

Are you ready for the challenge ?

Plant fresco

All participants will get their hands dirty to create together a unique and tailor-made plant work based on stabilized plants.

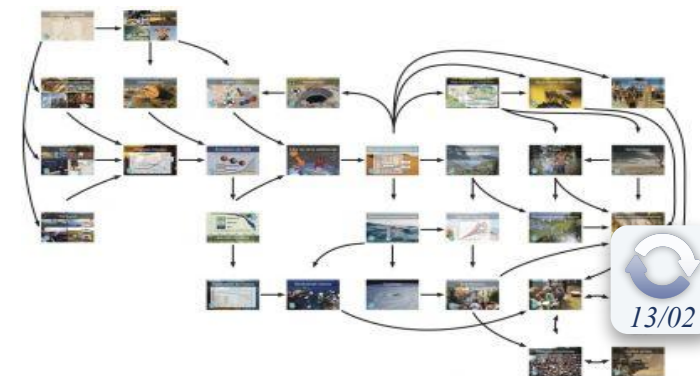

A craftsman, specialized in plants, will be able to advise and ensure the visual harmonization of the work.

The fresco will then be installed in your workspace for a lasting and vegetal memory. It requires no maintenance and can last up to 7 years!

This animation is also possible in cocktail format with a free access stand.

Depending on the space you have, the number of participants and your budget, we can offer you other shapes and sizes. Do not hesitate to consult your Magic Planner.

Solidary world tour

As a team, explore the world and its largest forests to plant trees. With your map and using the various puzzles, choose the best route: the one that will allow you to stop over in many cities before reaching your final destination.

All the challenges and puzzles offered on the interactive game terminals help to raise participants' awareness of environmental issues. The trees won by all the teams during the game will be planted in a forest by our partner Reforest'ation. A plantation certification on behalf of your company will be set few days after your teambuilding.

All on the bridge

What if your collaborators put themselves "All hands on Deck"?

Countries around the world have joined forces to improve life on Earth, finally!

This team building based on collaboration and cooperation offers a real moment of cohesion, intra and inter teams.

The group is divided into teams, each team being responsible for a part of the project, represents a country. It is responsible for the creation of a cardboard monument and a bridge with a span of 2m50. In order to create the link between each team, a railway line must cross all the countries present and thus make the train travel on the bridge and in the diverser universes whose staging will have been carefully worked by the participants.

A collaborative and exciting project that invites your teams to collaborate and succeed together to create, assemble and finalize an impressive life-size architectural construction.

Eco'Libri is a team building based on ecology & CSR where your participants, divided into teams, will be challenged in various sporting and/or playful activities that will call on team spirit, sohesion and communication.

Teams will face each other via a system of rotation on different activities, such as:

- Extreme constructions
- Food of the future
- Water filtration
- Escape box, ecology edition
- Creation of up-cycling totems
- Bike repair challenge
- Mölkky Quizz
- Ecological challenge (on the time of degradation of wastes)

Between olympic games and ecological workshops, these CSR challenges will motivate your participants thanks to various activities where everyone's participation will account for, while initiating them to useful tips on the environment and nature.

The points are converted at the end of the game in a number of tree planted via Reforest'Action.

« Great things in business are never done by one person. They're done by a team of people. »

Steve Jobs

Discover the legend of the Castle !

Each site conceals a secret, sometimes quite ancient, that is handed down to each host in charge of the establishment.

That secret is what your participants are asked to find out during this challenge.

It is also a challenge to get to know each other, strengthen team spirit and discover the site in a fun and unusual way.

Guided by our staff, your participants will be split-up into competing teams with a road book.

Multiple trials lead to the 'key' words required to solve the challenge.

Which team will be the first to discover the secret guarded jealously by your hosts?

In the end, the winners are honoured at a friendly prize-giving ceremony...

Haka

The Haka is a traditional ancestral war cry, dance or challenge of the Māori people of New Zealand. It is a posture dance performed by a group, with vigorous movements, stamping of the feet and a rhythmically shouted accompaniment. The New Zealand rugby team's performance of the haka before their matches has made the dance more widely known around the world.

Classic Initiation : Learn the Haka, made famous by the All Blacks, including the lyrics and choreography with the help of an expert.

Institutional Haka : As well as learning the traditional haka, you will create your own Haka, finishing with battles between the different performances.

Creative Haka : A real team building activity through Haka, with a makeup workshop and the chance to create your own team shirt. You will create your own Haka and finish with battles and a traditional Haka. Team spirit is guaranteed!

Sophrology session

Sophrology is not just a technique of well-being. It is more than that. It has its place in the world of work. It allows you to better manage your stress on a daily basis, improve your relationship...

The session always begins with a time of welcome and exchange. This exchange is then followed by the sequence of exercises that are practiced standing, sitting and/or lying down, such as:

- * Breathing: exercises to better manage stress, different techniques can quickly bring the person back to a calm state.

- * Dynamic relaxation: movements, performed standing, punctuated by breathing and pauses, allow to release unnecessary tensions, physical and mental, in order to become aware of each part of the body and boost sensations.

These exercises from Japanese yoga and Zen allow to integrate a state of physical and mental relaxation.

- * Sophronization: (visualizations of positive images) guided by the voice of the sophrologist, is a process of physical and psychic relaxation that leads to the modification of our state of consciousness.

The session ends again with a time of exchange (without obligation) that allows everyone to express their feelings during the session.

Casino night

Authentic roulette and Black Jack tables with professional croupiers. As the games begin, each guest is offered chips with a fictitious value. After finding about the rules of the game, they cherish their initial stock and take part with their gains in a surprise auction.

For a more fun casino evening, we also make it possible to test your general knowledge by betting your points on answers.

Music live

Come and test your musical knowledge (but not just that...) by guessing the songs played and sung. Each song is related to a question which concerns (closely or really, really remotely...) the title so that all participants - even the least knowledgeable - can contribute to their team's victory. Variations are offered for specific tracks (missing words, dance, bonus, contributions, surprises, etc.). So, build your teams and may the best one win!
